Community Services

## Drive4U

---

The Drive4U program provides transportation for community members who have registered with the program.

While trips for medical appointments are the priority, the program will also provide trips for grocery shopping, or social events when drivers are available.

## About the Service

---

Community members must be registered with the program and meet the eligibility guidelines in order to receive service.

- Volunteer drivers provide door to door service.
- We request at least **3 business days** notice when booking an appointment.
- We return calls received after hours, on weekends, and statutory holidays on the next business day.
- Clients are charged a fee per kilometre as well as any parking fees, or bridge tolls. Please contact us for more details.
- Service can only be provided on days and at times that volunteer drivers are available.

The safety and wellbeing of both the clients and the drivers is of utmost importance. For this reason if a client or driver do not feel safe they must use their own discretion when accepting or providing transportation.

## About the Drivers

---

Our drivers are volunteers registered with Agassiz-Harrison Community Services who are dedicated to providing safe and caring service.

- Drivers are men and women who enjoy driving and interacting with people.
- Drivers are required to have a current criminal record check and drivers abstract on file with Agassiz-Harrison Community Services.
- Drivers use their own vehicles to transport community members .
- Drivers are reimbursed for mileage.

To volunteer as a driver, please contact Agassiz-Harrison Community Services at 604-796-2585
